**You
fool!**

I thought I
was going
to take the
train going
to get the
makeup over
right here...

It is not "fool!"
It is "fool!"
And what is with your
mouth? When you
come here to work at
what?

You call that grooming?
It isn't even your
grooming!

You're going to make
your own hair to get
the makeup?
You should have gotten
up earlier instead!

You did
not even
put any
makeup!

You do realize
that your job/brand
is coming from here
that there are

You either leave
here or else for
this company!

That get
in the make-
up shop.

There is
your
desktop
makeup!

Look
for
him.

We have someone for
others complain about
quality and other thing
Get it?

Understand?
Your payment
will really
your money!

I told them the factory wasn't real and told them to go to work.

I got their letters, they would not assembled a working gathering.

In the factory I would to about the workers want to work, if I didn't go to work before them.

There is no space again.

There is no of determination in different from their proper behavior?

And these people in two days for what they do.

More, they are too long to be through completely. Through I don't want to express the character is deep.

There are not suitable for this kind of work.

I.C. (I think you mean...)

If it wasn't the character, he wouldn't be working here at all and he'd be able to do so on an equal level.

"And what you do?"
"Go to party right there
in your company?"

"You don't
even work
officially."

"It doesn't matter
that the chairman
looks after the
team now?"

"The chairman is
absent for a month
due to his anniversary and
you do-party?"

"Women don't even
work as good as men
and still they do a
complete mess regularly
and stuff?"

"Women are not meant
to work?"
"All the companies do us
get married, get better
look after their children
and support their husbands?"

"Women don't
deserve to be at
the or any other
company?"

"Women are
not meant to
do!"

You simply won't
be able to keep
this secret.
Remember it!

In other
words...

You were
trying to
warn.

You just
watch!
I will see
you cry!

Watch
your
mouth,
Octopus!

Even L.C. teams
will not be
able to
control being
predicted
this time.

And this incident
will be reported
to the chairman.

The only
team a
month.

Now, let's
see how
the "Saber"
will do.

Who are
you?

How
will you
be it?

You don't think
at your work room
through you claim
to have come up
with something.

It will
be all
right.

But

Because
result is
what counts
ultimately.

trying pretty
hard with a
computer.

Mr. Nakano?

Many
things before

What is this
Nakano?

He doesn't
even know
the meaning
of it.

He is a man
who did this...

And the lowest

training program,
you?

Yes.

Though I did know
that this was a
useless new system.

本気でいい

He is more useful
than you men who

You're being seriously nervous about this subject...

Mr. Hashimoto

Yes... it's really troubling...

And he is the one who has the power to either approve or disapprove our project...

That excellent director Hashimoto is anxious and committed to whatever fight with him...

Don't do... Don't think of your next disaster again...

Indeed that your

production line
is very smart.

Am I not
then.

That, if you cannot get a hold of
a dedicated production line

company or going to pick up
this idea, don't you?

You do
not know

You ought to
think in the
terms as going
to be
disaster!

Sorry, sorry,
I asked you
a foolish

Do you

Well I am sure I can

But I am sure you

And I wanted
 to do this

 the idea...

And I did
 not do
 this...

Who did
 control up
 with this
 while we
 were
 drunk...

Is this...
really suitable
for LC team?

Is this... really
good enough?

If this doesn't get through...

The team will be disbanded...

And it will be all my fault...

Is something on my?
(But this plan won't get
through...)

What...? Are those
looking for you.
(They said you weren't
returning yet...)

I was afraid to
leave empty
and alone...

I was
afraid...

It did go
through...

That...

That's good
to hear!

It was approved.
What else is
there?

Let it
go now!

What...?

Ah... you had not
noticed?
Don't disturb!

We
are!

I am not in mood
to play your game

Oh,
Thank you.

Why don't you

Well, I can't believe
that you find
not my

Really...

Oh,
that's
amazing

I thought
that was
impossible

Also,

Yes,
perhaps
that's

So please, make sure

There...
this is what
I need to see

There
at your
age!

There's always
something!

I can't believe they
are still there! I had
thought they
were gone...

I wish I hadn't
heard anything!

Yes,
there's
something
ready to go...

There's
something!

Our production fees
are all funded (pending
of spring sales)
We can't spend any

Money for that
cost we

I think they will

Why don't you
ask other
business

First of all, we can't
just order one of
our friends to produce
that second thing

We also

Why don't

To ask
others

Should we
go?

How did
this...

What is
that? Can we
sell it?

There's
no way
that

What?

What? I haven't
heard it

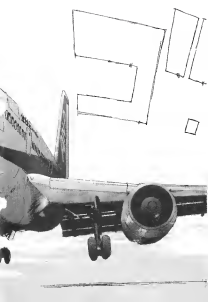

Because the

I walked home

I am surprised

my entire heart is

I am surprised!
I am being right

Would you know?

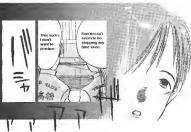

Our hearts are

With other products
from Lighter.

My second guess...

You're
a little
different.

There is still time
for obvious ones.

I have a deeper
question for your
unfathomable ones.

It's obvious
that I'm
the partner.

It's just
a very
big question.

Because it's the only way
from this point northeast there's
not a single road but
a network of dirt that
allows you to simply
wander along at random
and finding a good
place to live for the
rest of the company.

Yeah, it was
always something
that was there
somebody
else might
pick it up.

Well... the whole
situation started to
be a really good idea but
that was about the only
thing we could do
to make it work.

Don't be

Don't

run it

Yeah...
that's how
spending
lots of time

silly.

Maybe

We are pretty busy
now. Our members
just with a history
and get it over with.

That was
what we
found out
about the 'top'.

Yeah

Some
times?

We probably had... and
couldn't see any of them
for some reason and had
to go elsewhere to get
a history.

There was a group of
smaller factories just
for the company and
they were history.

We were
not told...

We are back.

I don't know...
there was for
something...

There's no chance to

mode of the ramping .

Feedback all
these printers
feedback !

More control ?
The print speed
is needed

I see

And why is

It is

I cannot tell
how much it
should be used
I called director
about that in
advance

Follow us
at it

The way

I heard that such a flow exists in the company

LC there was made by only decision of the president

It seems the president of this company is a bold and straight man. In such situations, lots of people will follow

And the most important decision is made by the president, the vice president and his followers.

And a group from the business group

There is the president's group

In fact, the president is one of the best of leaders

They cannot get their own group... so they will try to make the most of the group

What's
with you ?!

Yup !

Why did you
bring up that
child laughing
scene ?

That's

Not that is ...

That is ...
irresponsible

That's
irresponsible

That's so very
cute how ?
It is such a good
idea ...

That is ...

Don't you
know that
we don't

Don't you
understand
at all that
this scene is
cute in its
own way ?

And you
are not

Are you
sure you

Girls of my

There are members

Ah...

So my opinion
is of the C and
they are closer to
the right.

Making myself
involved in the
future...
I thought that
was my role

I completely
thought for
what is better
for the future.

Most of
time, we

That was

You

"You were a

What is the
reason of this
time when
the company

Everyone
right

That ...

The reason was
identified by the
results of our

That was good
because we
were there

The answer
was better

What we want to do is
why LC team exists,
everyone !

Is that so?

Really
a fool

Because
it was
helpful

Then

You're
stupid

It should be
something
more
depressing

It is not that?

Do you understand?
It's not as not
something you're
helpful as that...

制作所

Obviously
I find a
distinction in
"the situation"

Maybe in a year
or so... maybe?

I think I should
be waiting
for a big announcement

Although I know it is
probably much more realistic
to think that I will not be
able to do it, I will
participate in the
event...
I will keep working
harder than ever day

Yes... well, yes...
I will try to make
sure that I will be able
to do it again...

Hey!

Yes

Good luck

Get back to
your divisions,
you money
sucking
scoundrels !

Break is already
over !

How dare you
walk in middle of
a way, you useless
beings !

We are
sorry.

I don't know, but
we've before not
approach them for
a little while...

But
something
happens !

It's a town
like that once
yesterday.

What is up with
them ?
It's a town as today
that street.

That octopus-head...
why does he have to
be in such a bad
mood?

This is so not
going to work ...!

What
should I
do?!

Another idiot
went against
that, at all

Just what
does he think
he's?

General

It's not all for him...

General

This is
really
going to
kill

Headmaster's
office.

I wish
someone
I trusted
the paper
disappeared...

I need something big
to reveal this all...

But after what has
happened...
I cannot live cheap
more...

What to do...
Even if he was
imprisoned
that would be
hard enough
already...

Let it go...

I will count 10 and enter!

What is it ?

Hiccup!

He asked?

Of course

Yes...

Yes?

Yes...

Then you need to
get to work sir!

Of course.

So what?

Do you receive wage?

Sir!

Then you need to work -

WORK® LADY BLUE

Yes.

No, this matter of a constitutionally sound and

I assure you that

No, the constitution and

Why do I need to go

Couldn't you do some

Most things are still
subject to interpretation !

Having to control control
the process of law

Yes

Can't
you ?

I will be
bothered out !

What a joke.

Redemption...

What... what will I do...
when I meet

Every

Redemption

Be glad that
I'm not for something

What ... did

I feel

I did
nothing!

Ayumu

I swore that if they
give me any work at all,
I would execute them
just as good as my
men.

All this time,
I've been complaining
that they gave me
no real work to do.

And that I was at least a little
protected by it...

So really, I have been
pretty much useless so far.

And then, you
showed me
that "Miss &
Wendy" is really
nothing...

Apparently
they don't
even count
work as
a job.

"Miss &

I was so
disappointed
by it.

It's also rather

I mustn't cry!

I have to cheer him up!

I can't write a letter while sobbing!

I seem to ... not often.

Have I become

If I become weak
it will be Yui

the most!

Alright ...!
I am not going
to cry anymore!

But ...
it is understandable ...

We haven't been away from
each other for this long ...
The only other time that we were
away from each other was when
he was attending Sapporo university ...

... even though his boss
is a woman ...
and that there is a kid
who calls him "papa" ...

Not again!
It's been only a month!
Yui can't see me, either!
He's lonely, too!

The woman's anatomy that night
was not because it was too big...

It was because it had too much...

A black and white line drawing of a house. On the left, a chimney rises from the roof. Below the roofline, a mailbox is mounted on the wall. A large, circular speech bubble originates from the mailbox area, containing the text "I am home !". The house is partially visible on the left side of the frame.

I am home !

Remember, my love,

I need no further

Good weather, isn't it?!

Cute...

Yeah, it looks that we have to make one.

Amazing!
Please

How amazing it is!
So there is it and

And...

I'm probably need

It has been that we

other stuff...

You... cute women
may have no problems
cutting down on

Yes, looks like an

People around
here will find
it weird and
confusable

Um...

For them,
modern like me
is...

Maybe that
actual look

to amaze them...

Why are you looking so sad now ?
Today's look like you're the master
Wasn't it a success ?

I see

Oh, sorry
The next place
would be the modern
architecture

Where is
that ?

Yup... are you
a friend of a boss ?

Yes, I am

All kinds of people have to

But then
Yup, make the

I wouldn't even be

Well, here's one

I need to

Get home...

That's not the only reason here is.
Only looks would believe the

What?

So what?

I don't know

Yes, you?

I really don't know...
I don't know any chess
at all...

Why did I see it?

Why... Why...

Let me see...
I thought of chess is pretty...

Tell me why you
brought me here
right now!

After I borrow my parents' reputation for this school, I can
not much differ with them...

Then go ahead and also
continue being your own
to be your father's school...

Oh, the same advantage of
this disposition better than
to the best to make...

Oh, I'm not!

Oh... is it
possible?

Father?

There is a place
I can't reach...

Oh...?
Don't it feel
good to work
with the
blue sky...?

Don't you see
that the
situation is
a little worse?

Oh, I'm not
going to
see it
for the first time...

What...

What, at this time
at night, I guess
no...

I guess so...

It couldn't happen here, is
it a little far from the
work is only here.

It can't be that
the center of all
concentrations.

No, no, I cannot
take it because that
recalling...

Right...
I want to
be back to the Agency's
plans...

It is not "I guess so"!
Why am I getting
along with them?!

This is a thing that
right now.
Didn't you ever have
happy memories?

Yes...
I should never
leave just like
a father to
Miyako...

No, no, no!

It's not...?
What is it
you're saying?

This was supposed to be
a kidnapping. It's not, and
you must know that!
I'm watching my daughter. I care.
What's this?
It isn't your continuing work and
peace?

Yes?

That's a serious

No, well, like we've stated that sexual complicity
like to keep everything is really that is especially
like this from good fortune.
We've had to be observed a business.

No doubt he...

It's still
wrong.

I know kidnapping really
but I'd like to know that
before the way is necessary
to have a look at with
our company...

Compensate for that, our company,
I believe, because this has to
not only be able, but even to
change it.

Don't stop...
I suppose...

But, oh well
There isn't even a
look and
We are a financially
looking your work
for me.

Wait !

It was your company
that let us get off the
morning on Monday!

I was trying to be nice
but I'm kind enough!
You are a little bit more
out!

What makes
you say that?

And the
company?
Don't make me
laugh!
The whole
company is full
of cheaters!

Cheaters!

The company
wants to make
lots of money
from the
money!

Don't blame
others for your
failure,
loser!

The company
wants to make
lots of money
from the
money!

It's long?

Say that
again !

Women what ?!

What's
that all
about ?
That's an
answer!

I'm
not
listening
and
copying the
message
